Dear Parent

Nursery curriculum for autumn 2

Please follow this [link](#) to a new page on our website where you will find information about what your child is learning this half term. This page will be added to over the course of the year.

Half termly curriculum connections map

Our curriculum connections maps are a summary of what your child is learning and show where there are opportunities to join children's thinking together by linking learning and experiences across the different areas of learning. This strengthens understanding and helps build long-term memory.

Please talk to your child about what they already know and what they would like to find out more about.

If you have any questions regarding what your child is learning this half term, please speak directly to their class teacher or I can be contacted through the school office office@grangeparkprimaryelt.org

Yours sincerely

Sue Denny
Deputy Head teacher
