

At Grange Park Primary we believe in developing an extended curriculum outside of the classroom and are committed to offering a vast array of clubs. Clubs are offered for all year groups from Reception to Year 6 and each day there is something for everyone.

Clubs are a great way for children to interact with peers from a different class, promote friendships and help to develop social skills.

We now have many different clubs the children can join in during the spring term all of which are available to book now. These include:
