Igor Stravinsky 1882-1971	Igor Stravinsky was a Russian composer, pianist and conductor. He is widely known as one of the most important composers of the early 20th century. The music he composed was called 'modernist'. This was orchestral music that was going through a change from how it had been for a very long time.
The Firebird	Stravinsky wrote more than 100 pieces of music for orchestras! He mostly wrote music for ballets. The Firebird is a ballet and was first performed in Paris, France in 1910. It is a magical tale of the legendary creature (the firebird) who helps two noble lovers overcome an evil sorcerer.

The firebird theme is played by the piccolo and soprano clarinet. The soprano clarinet is smaller than the standard clarinet which most instrument players begin with. It plays very high notes.
